

Safety Data Sheet (SDS)

Eco Plus Oil Additive (400 ml)

AER9106

Product name on SDS	DVX ECO PLUS ECONOMIZER
Regulation	REACH Annex II — Regulation (EU) 2020/878 · CLP (EC) 1272/2008
Revision / date	Rev. 2 · 02.11.2026
Number of pages	3
Supplier	Setkim Kimya İnş. Taah. Paz. San. Tic. Ltd. Şti. · Divortex / DVX
Emergency	+90 216 669 03 53

This cover page identifies the product. The following pages are the official Safety Data Sheet prepared in accordance with applicable regulations and are presented unchanged.

SAFETY DATA SHEET

Prepared in accordance with Annex II of the Turkish KKDİK Regulation (Official Gazette No. 30105, 23.06.2017).

Product name	**DVX ECO PLUS ECONOMIZER**
Revision nr.	2
Dated	02/11/2026

SECTION 1. Identification of the substance/mixture and of the company/undertaking

1.1. Code	AER9106
Product name	DVX ECO PLUS ECONOMIZER
Substance	Lubricating oils
EC number	278-012-2
CAS number	74869-22-0

1.2. Identified uses: Engine oil additive (oil economizer). **Uses advised against:** No information.

1.3. Company	SETKİM KİMYA İNŞ. TAAH. PAZ. SAN. TİC. LTD. ŞTİ.
Address	İstanbul Leather OIZ, Plot V1, Fikse Cad. No:20, 34935 Tuzla / İstanbul (Türkiye)
Telephone / Fax	+90 216 669 03 53 / +90 216 669 03 50
E-mail (SDS)	info@divortex.com.tr
1.4. Emergency telephone	+90 216 669 03 53 · Türkiye: UZEM 114

SECTION 2. Hazards identification

2.1. Classification of the substance or mixture

Not classified according to Turkish SEA Regulation 28848/2013 (CLP).

The substance falls under Note L of Annex VI: the DMSO extract of the base oil measured according to IP 346 is **below 3%**; the substance is therefore not classified as a carcinogen.

2.2. Label elements

Hazard pictograms: Not required.

Signal word: Not required.

Hazard statements: Not required.

Precautionary statements: Not required.

2.3. Other hazards

The substance does not meet the PBT or vPvB criteria and has no endocrine-disrupting properties.

SECTION 3. Composition/information on ingredients

3.1. Substances

Identification	EC No	CAS No	Conc. %	Classification (CLP)
Lubricating oils	278-012-2	74869-22-0	100	Not classified (Note L: DMSO extract < 3%, IP 346)

3.2. Mixtures: Not relevant.

SECTION 4. First aid measures

Eye contact: Remove contact lenses. Rinse immediately with plenty of water for at least 15 minutes, holding eyelids open. Consult a doctor if the problem persists.

Skin contact: Remove contaminated clothing. Wash immediately with plenty of water. Consult a doctor if irritation persists. Wash contaminated clothing before reuse.

Inhalation: Move the person to fresh air. Get medical help immediately if breathing is difficult.

Ingestion: Get medical advice. Induce vomiting only on medical advice. Never give anything by mouth to an unconscious person.

4.2. Symptoms and effects: No information. **4.3. Medical attention:** No information.

SECTION 5. Firefighting measures

5.1. Suitable extinguishing media: Carbon dioxide, foam, dry powder and water spray. **Unsuitable media:** None in particular.

5.2. Special hazards: Do not breathe combustion products.

5.3. Advice for firefighters: Cool containers with water jets. Wear full protective equipment; collect extinguishing water and dispose of it in accordance with regulations. Use self-contained breathing apparatus (EN 137), protective clothing (EN 469), gloves (EN 659) and firefighter boots.

SECTION 6. Accidental release measures

6.1. Stop the leak if there is no hazard. Use suitable protective equipment to prevent contamination of skin, eyes and clothing (Section 8).

6.2. The product must not enter drains, surface water or groundwater.

6.3. Collect spilled product in a suitable container; absorb the remainder with inert absorbent material. Ventilate the area. Dispose of contaminated material according to Section 13.

6.4. See Sections 8 and 13 for personal protection and disposal.

SECTION 7. Handling and storage

7.1. Read all sections of this SDS before handling. Avoid release to the environment. Do not eat, drink or smoke during use. Remove contaminated clothing before entering eating areas.

7.2. Store only in the original container, closed, in a well-ventilated place away from direct sunlight. Keep away from incompatible materials (Section 10).

7.3. No information.

SECTION 8. Exposure controls/personal protection

8.1. Control parameters: No information.

8.2. Exposure controls: Ensure good ventilation of the work area. Personal protective equipment must be CE marked. Provide an eye-wash station and emergency shower.

Hand protection: Category III work gloves (EN 374). **Skin protection:** Long-sleeved work clothing and safety footwear (EN ISO 20344). **Eye protection:** Safety goggles (EN 166).

Respiratory protection: Type A filter mask if threshold values are exceeded (EN 14387); self-contained breathing apparatus in emergencies (EN 137).

Environmental exposure controls: Emissions should be checked for compliance with environmental legislation.

SECTION 9. Physical and chemical properties

Physical state	Liquid
Colour	Amber
Odour	Slight hydrocarbon
Melting point/freezing point	not available
Initial boiling point	>280 °C
Flash point	235 °C
pH	not available
Kinematic viscosity	340 mm²/s (100 °C) (ASTM D445)
Density	0.886 gr/ml
Vapour pressure	not available

SECTION 10. Stability and reactivity

10.1. No particular reactivity hazards under normal conditions of use. **10.2.** Stable under normal conditions of use and storage. **10.3.** No hazardous reactions expected.

10.4. None specified; apply the usual precautions for chemical products. **10.5.** No information. **10.6.** No information.

SECTION 11. Toxicological information

11.1. Acute toxicity, skin corrosion/irritation, serious eye damage/irritation, respiratory/skin sensitisation, germ cell mutagenicity, reproductive toxicity, STOT (single and repeated exposure) and aspiration hazard: classification criteria not met.

Carcinogenicity: Classification criteria not met. The DMSO extract of the base oil measured according to IP 346 is below 3% (CLP Annex VI, Note L).

11.2. Not listed as an endocrine disruptor.

SECTION 12. Ecological information

Do not release the product into the environment; inform the authorities if it reaches waterways, soil or vegetation.

12.1–12.4 Toxicity, persistence, bioaccumulation, mobility in soil: No information. **12.5.** Not PBT/vPvB. **12.6.** Not listed as an endocrine disruptor. **12.7.** No information.

SECTION 13. Disposal considerations

Reuse where possible. Waste must be handed over to an authorised waste management company in accordance with waste legislation. Contaminated packaging must be sent for recovery or disposal.

SECTION 14. Transport information

The product is not dangerous goods under ADR, RID, IMDG and IATA regulations.

14.1. UN number	not applicable
14.2. UN proper shipping name	not applicable
14.3. Hazard class	not applicable
14.4. Packing group	not applicable
14.5. Environmental hazards	not applicable

SECTION 15. Regulatory information

Seveso category: None. KKDİK/REACH Annex XVII restrictions: entry 3 (product), entry 28 (lubricating oils). Candidate List substances (SVHC): none above 0.1%. Annex XIV, Regulation (EU) 649/2012, Rotterdam and Stockholm conventions: None.

Health surveillance: Turkish regulation No. 28733 on health and safety when working with chemicals. **15.2.** No chemical safety assessment has been carried out.

SECTION 16. Other information

Revision note (Rev. 2): As the DMSO extract of the base oil is below 3% (IP 346, CLP Annex VI Note L), the previous Carc. 1B / H350 classification has been removed; Sections 2, 3, 11 and 16 have been updated.

Abbreviations: ADR, CAS, CLP/SEA, DMSO (dimethyl sulfoxide), IP 346 (polycyclic aromatic extract test method), PBT, REACH/KKDİK, SVHC, vPvB.

This information is based on our knowledge at the date of the last revision and does not constitute a guarantee of product properties. Users must verify its suitability for their own use.
