

Fuel Injector Cleaner

Fuel additive to clean gasoline injectors and prevent corrosion

AER3305

PRODUCT DESCRIPTION

Protects the fuel injection system from corrosion. Cleans injector valves and the entire fuel system. Reduces fuel consumption. Will not harm or prevent the correct operation of catalytic converters and lambda probes. Reduces engine noise thanks to its lubricating properties. Reduces exhaust smoke and helps meet technical inspection requirements. Improves acceleration and power.

FEATURES

- Cleans fuel injectors
- Helps prevent corrosion
- Improves fuel spray
- Optimizes fuel use
- Supports catalyst & lambda sensor
- Reduces smoke & emissions

DIRECTIONS FOR USE

1. Machine dosage — 4-cyl: 1 can + 750 ml fuel | 5-6 cyl: 1.5 cans + 1 L fuel | 8-cyl: 2 cans + 1.5 L fuel.
2. Run the cleaning cycle — Follow the cleaning machine manufacturer's instructions.
3. Add before refueling — Pour 1 can (300 ml) into up to 50 L of gasoline.
4. Repeat every 5,000 km — Use regularly for best fuel-system cleaning results.

PHYSICAL AND CHEMICAL PROPERTIES

Product type	Liquid fuel system cleaner (gasoline)
Appearance	Liquid, yellow
Odour	Aromatic
Flash point	> 61 °C
pH	Not applicable
Density (20 °C)	0.808 g/ml
Kinematic viscosity (40 °C)	1.57 mm²/s
Use	Ready to use (apply undiluted)

PACKAGING

Product Code	Pack Size	Units per Case	Barcode (EAN-13)
AER3305	300 ml	24	8680722065536

STORAGE

Store in the original container, tightly closed, in a cool, dry and well-ventilated place. Protect from sunlight and heat; keep away from ignition sources and oxidising agents. Do not heat close to the flash point. The expiry date, production date and lot number are printed on the pack.

SAFETY INFORMATION

Signal word: Danger

- H304 – May be fatal if swallowed and enters airways.
- H412 – Harmful to aquatic life with long lasting effects.
- EUH066 – Repeated exposure may cause skin dryness or cracking.
- P101 – If medical advice is needed, have product container or label at hand.
- P102 – Keep out of reach of children.
- P273 – Avoid release to the environment.
- P301+P310 – IF SWALLOWED: Immediately call a POISON CENTRE / doctor.
- P331 – Do NOT induce vomiting.
- P405 – Store locked up.
- P501 – Dispose of contents / container to an approved waste disposal facility.

The information in this sheet is based on our current knowledge and experience; users should test the product under their own conditions of use. For safety information, refer to the product Safety Data Sheet (SDS).
