

Gun Cleaner Oil Spray

Cleaning oil for firearms that restores performance

AER2504

PRODUCT DESCRIPTION

DVX Gun Cleaner Oil Spray cleans and lubricates hunting and sport-shooting firearms in a single step. It dissolves powder, lead and carbon residue in the barrel and on moving parts, then leaves a lubricating film that protects against rust and moisture. The action runs more smoothly and the interval between periodic services is extended. Also suitable for precision tools and small metal mechanisms.

FEATURES

- Dissolves powder residue
- Lubricates moving parts
- Protects against rust
- Extends service intervals
- Hunting and sport shooting
- Precision tools

DIRECTIONS FOR USE

1. **Make safe** — Make sure the firearm is unloaded and field-strip it per the manual.
2. **Spray** — Spray into the barrel and onto moving parts.
3. **Let work** — Leave a few minutes, then run a cleaning rod through.
4. **Wipe** — Wipe off excess with a clean cloth and reassemble.

PHYSICAL AND CHEMICAL PROPERTIES

Product type	Aerosol / automotive additive
Appearance	Aerosol
Odour	Characteristics
Density (20 °C)	0,68-0,70 g/ml
Solubility in water	Insoluble in water
Use	Ready to use (apply undiluted)

PACKAGING

Product Code	Pack Size	Units per Case	Barcode (EAN-13)
AER2504	220 ml	24	—

STORAGE

Pressurised container: protect from sunlight and do not expose to temperatures above 50 °C. Do not pierce or burn, even after use. Store in a cool, well-ventilated place.

The expiry date, production date and lot number are printed on the pack.

SAFETY INFORMATION

Signal word: Danger
H222 Extremely flammable aerosol.
H229 Pressurised container: may burst if heated.
H350 May cause cancer.
H304 May be fatal if swallowed and enters airways.
H315 Causes skin irritation.
H412 Harmful to aquatic life with long lasting effects. Restricted to professional users.
P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
P251 Do not pierce or burn, even after use.
P410+P412 Protect from sunlight. Do no expose to temperatures exceeding 50°C / 122°F.
P211 Do not spray on an open flame or other ignition source.

The information in this sheet is based on our current knowledge and experience; users should test the product under their own conditions of use. For safety information, refer to the product Safety Data Sheet (SDS).
