

Octane Booster

Raises the octane rating of gasoline by up to +4

AER3212 · AER3214

PRODUCT DESCRIPTION

Octane booster for gasoline engines. Raises the octane rating of the fuel by up to +4 points, helps prevent knocking (pinging) and improves engine response and performance. Suitable for all gasoline engines, including direct-injection (GDI) and multi-point-injection (MPI) engines and hybrid vehicles.

FEATURES

- Raises octane rating by up to +4
- Helps prevent engine knock (pinging)
- Improves engine response and performance
- For all gasoline engines incl. GDI, MPI and hybrids
- 300 ml: one can treats one tank (up to 40 L)
- 500 ml: dosage 1:1000 – treats 500 L of fuel

DIRECTIONS FOR USE

1. Add the product to the fuel tank, preferably just before refuelling.
2. 300 ml can: add the whole can to one tank of fuel (up to 40 L). 500 ml bottle: dose 1:1000, i.e. 1 ml per 1 L of fuel (e.g. 50 ml for a 50 L tank = 2 × 25 ml with the dosing chamber).
3. Fill up the tank with gasoline.
4. Repeat at every refuelling when a higher octane rating is required.

PHYSICAL AND CHEMICAL PROPERTIES

Physical state	Liquid
Colour	Yellow, clear
Odour	Characteristic
Flash point	> 61 °C
Kinematic viscosity	< 7 mm²/s (40 °C)
Density	0.811 g/ml (20 °C)
pH	Not applicable (insoluble in water)
Solubility in water	Insoluble

PACKAGING

Product Code	Pack Size	Units per Case	Barcode (EAN-13)
AER3212	300 ml	12	8682960814785
AER3214	500 ml	12	8682960815911

STORAGE

Store in the original, tightly closed container in a cool, well-ventilated place, away from heat and sources of ignition. Protect from direct sunlight. Store locked up and out of reach of children.

SAFETY INFORMATION

Signal word: Danger

- H332 – Harmful if inhaled.
- H318 – Causes serious eye damage.
- H304 – May be fatal if swallowed and enters airways.
- H412 – Harmful to aquatic life with long lasting effects.
- EUH066 – Repeated exposure may cause skin dryness or cracking.
- P102 – Keep out of reach of children.
- P261 – Avoid breathing vapours / spray.
- P273 – Avoid release to the environment.
- P280 – Wear protective gloves / eye protection / face protection.
- P301+P310 – IF SWALLOWED: Immediately call a POISON CENTRE / doctor.
- P305+P351+P338 – IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- P331 – Do NOT induce vomiting.
- P405 – Store locked up.
- P501 – Dispose of contents / container to an approved waste disposal facility.

The information in this sheet is based on our current knowledge and experience; users should test the product under their own conditions of use. For safety information, refer to the product Safety Data Sheet (SDS).
